Jeremy A. Stone, Enots Media, has more than 20 years of experience recording Location Sound on a number of popular television series and films. Specializing in the design and operation of compact SSD recorders, RF coordinated high track count wireless microphones and advanced TCXO synced Timecode systems.

FCC Licensed and Insured, Valid US Passport and PA State Drivers License. Extensive international production experience recording audio in Africa, Argentina, Austria, Brazil, The Bahamas, Canada, China, Costa Rica, England, France, Italy, Jamaica, Mexico, Scotland, Spain and Switzerland as well as every continental U.S. State, Alaska and Hawaii.

Wherever the location, whatever the elements the end product is always the same, clean clear audio recordings all day with a smile. Always ready for the next adventure and taking sound to the next level! SOUND SPEEDS!
